

CTECA

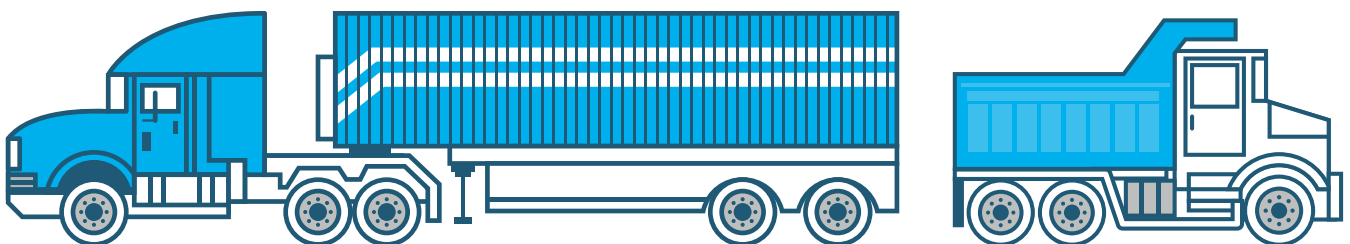

COMMERCIAL TRANSPORT EXPO CENTRAL ASIA

INTERNATIONAL COMMERCIAL TRANSPORT EXHIBITION

April 3-5, 2018

Exhibition center Korme
Astana, Republic of Kazakhstan

www.cteca.kz

ABOUT EXHIBITION

The international exhibition of commercial transport CTECA, which was successfully held in 2017, clearly demonstrated the relevance of this event for a wide range of its participants. Industry professionals had an opportunity to get acquainted with the trends in the development of the commercial transport market, discuss topical issues, and find new business partners. Supporting the world standards in the field of transport and logistics, CTECA creates an ideal demonstration site, where along with the manufacturers of commercial equipment are also fully represented adjacent suppliers.

WHY KAZAKHSTAN?

- 1** Completion of construction of the Kazakh section of the international road corridor "Western Europe - Western China" and the end of the project "Khorgos-Eastern Gate" at the end of 2016 will allow Kazakhstan to become the largest transportation hub in Eurasia.
- 2** Natural renewal of the fleet of trucks and buses in Kazakhstan will lead to intensive development of the industry in the next 10 years.
- 3** The development of the internal transport and logistics infrastructure in the framework of the State infrastructure development program "Nurly Zhol".
- 4** The strategy of further development of the automotive industry of Kazakhstan is based on the cooperation of domestic companies with global market leaders, according to the state program for accelerated industrial development of the Republic of Kazakhstan in 2015-2019.
- 5** Through integration into a single Eurasian space within the Eurasian Economic Union, Kazakhstan opens up a new horizon and a vast market in the transport sector.
- 6** Strategically important location: Kazakhstan has historically served as a bridge between the European and Asian markets, where the players are consolidating efforts to create a civilized market of commercial vehicles.

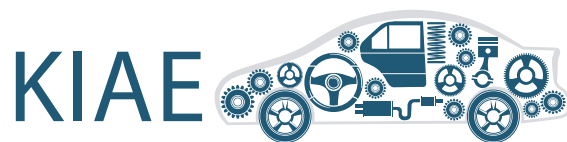

VENUE

Exhibition center Korme
3 Dostyk street, Astana, Republic of Kazakhstan

OPENING HOURS

April 3 - 4 10:00-18:00
April 5 10:00-16:00

KIAE supported by Automechanika (Kazakhstan International Automotive Expo) will be held in parallel with CTECA. Holding of these exhibitions at one site makes the event complete, allowing you to trace the almost complete cycle of value creation in the commercial transport industry.

Kazakhstan International Automotive Expo
